

ABOUT US

ALCLAD Interior Systems is a trusted leader in precision shopfitting and interior solutions, shaping exceptional spaces for over five decades. Since 1968, we've delivered 16,000+ installations across 23 countries, partnering with leading brands and businesses to bring their vision to life.

With a state-of-the-art 13,000m² manufacturing facility in Johannesburg and strategic warehousing, ALCLAD offers end-to-end project execution - from design concept or interpretation and custom manufacturing to seamless installation and large-scale rollouts.

Whether it's multi-store expansions, high-performance corporate environments, precision-driven construction projects, or bespoke interiors for designers, ALCLAD is where craftsmanship meets innovation - delivering quality, efficiency, and spaces that inspire.
